1. You are working in the Vim editor and you have made some changes to the file. You need to save the changes and exit the file. What should you type in command mode?

1 / 1 point

- ☐ :w
☒ :wq
☐ :q
☐ :q!

✓ **Correct**

Correct! The :wq command will save the file and then exit or "quit" the Vim editor.

2. What command is used to print the contents of the file directly into the shell prompt so the text is displayed but cannot be edited?

1 / 1 point

- ☒ cat
☐ tr
☐ ls
☐ vim

✓ **Correct**

Correct! The cat command prints the content of the file directly into the shell prompt.

3. You need to count the number of characters in a file. What command should you use?

1 / 1 point

- ☐ aspell
☐ tr
☐ diff
☒ wc

✓ **Correct**

Correct! The word count (wc) command can be used to count the number of characters using the -m switch.
